
2024 IN REVIEW

In 2024, we celebrated being on the home stretch of our five-year vision—and what a journey it has been! Back in 2020, we set a bold goal to coach 400 leaders toward clarifying their calling and renewing their health by 2025. We reached it early—419 leaders coached and counting! We’ve also launched 25 trained coaches who are now multiplying the mission across their own networks. And we’ve brought on five new staff members toward our goal of eight, building capacity and reach along the way.
